Privacy Statement and Cookie Policy

Welcome to the website of project Innovation and Scientific Center for Agricultural Research - INCBR in Pulawy. In this chapter we explain the rules in force at Institute of Soil Science and Plant Cultivation (IUNG) regarding processing of personal data information which the customer may disclose to us while using this website.

fyeezys.com <http://fyeezys.com>

Our online offer will present the customers with descriptions of our products and services, reports and statements, the employment opportunities at the IUNG, as well as up-to-date information and offers. Using the above will not entail any obligation to reveal any personal data.

However, if the customer provides us with his/her personal information, such as address, e-mail address, phone and fax number, demographic data and other personally identifiable information, such data shall not be revealed (for shared use, for the purpose of sales or our contacts) to any external organization unless we have been authorized by the customer to do so or we are required by law to disclose the information. Such data, along with the scope of the customer's business and his/her transactions, shall be processed in accordance with the security and confidentiality rules in force at our IUNG.

Cookies

Cookies are files which enable the storage of information or access to information already stored on a telecommunications end device of an End-User during or after a visit on webpages, including the webpages of the IUNG. Cookies used on webpages of the IUNG do not store personal data, they are used, among other things, to remember User preferences or to protect webpages. Some of the functionalities of the IUNG's webpages are not available when the User does not permit for the installation of cookies. For example, it will not be possible to send information from certain contact forms.

Information for the Users:

What type of cookies do we use?

Persistent cookies are files which are stored on the User's device even after leaving the browsed webpage. The aim of storing and accessing such information by the IUNG is to remember User preferences during the visit of a User on a given webpage, e.g. saving

User name when one is logging in to the transactions service. The purpose of this function is to enable the auto-filling of the User name field on the User's device when the Application is started again. At the same time, the User agrees that such information may be stored on their device. In order to delete the User name, select the saved name and choose the "Delete User" option from the menu.

Session cookies are required by the IUNG's website to maintain proper information transfer between the server and the browser, and, thus, to ensure proper display of the contents of the visited webpage and to allow a fully-functional access to its functionalities. The aim of storing and accessing such information by the IUNG is to identify a given session (the dialogue between the browser and the server) and the Users communicating with the server at the same time.

Third-party cookies, i.e. cookies of third parties with whom the IUNG cooperates, enable external companies to store information on the number of visits and the Users' activity on webpages. The aim of storing and accessing such information by the IUNG is to collect data on the traffic on webpages. This is not personal data. Companies providing analytical services to the IUNG are, for example, Geminus or Google.
